

Criteria for Team Evaluation

Room/ Session Code	Country	Team/ Circles	Project Title
Session Code			

Project Selection 10 Point Situation Analysis 25 Point Solution Development	 1.1 Justification of project selection (eg. support company goals/ issues of concerns), target setting 2.1 Identification of current status based on facts/ data 2.2 Analysis of data to select the final root cause 3.1 Methods and tools used to develop possible solutions 3.2 Level of solutions/ innovative ideas to finding 	Poor 3 - 5	Mode rate 6 - 7	Good 8-9	Excell ent = 10	Point 1 0.5 2 0.5	Result
10 Point Situation Analysis 25 Point Solution	company goals/ issues of concerns), target setting 2.1 Identification of current status based on facts/ data 2.2 Analysis of data to select the final root cause 3.1 Methods and tools used to develop possible solutions					0.5	
25 Point Solution	2.2 Analysis of data to select the final root cause 3.1 Methods and tools used to develop possible solutions					2	
Solution	3.1 Methods and tools used to develop possible solutions						
	solutions					0.5	
	3.2 Level of solutions/innovative ideas to finding					0.5	
25 Point	solution					2	
mplementation and Results	4.1 Implementation plan/ stakeholder involvement					0.5	
	4.2 Confirmation of effects based on facts/ data,					0.5	
15 Point	4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized					0.5	
Project Impact	5.1 Scope of Impact					0.5	
15 Point	5.2 Scale of Impact					1	
eam Management and Presentation	6.1 Team presentation/ time management					0.5	
10 Point	6.2 Team effectiveness/ contribution to the project.					0.5	
?r ⁻∈	15 Point roject Impact 15 Point eam Management and Presentation	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 5.1 Scope of Impact 5.2 Scale of Impact 6.1 Team presentation/ time management of Presentation 6.2 Team effectiveness/ contribution to the project.	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 5.1 Scope of Impact 5.2 Scale of Impact 6.1 Team presentation/ time management of Presentation 6.2 Team effectiveness/ contribution to the project.	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 7 Oject Impact 5.1 Scope of Impact 5.2 Scale of Impact 5.2 Scale of Impact 6.1 Team presentation/ time management of Presentation 6.2 Team effectiveness/ contribution to the project.	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 5.1 Scope of Impact 5.2 Scale of Impact 5.2 Scale of Impact 6.1 Team presentation/ time management 6.2 Team effectiveness/ contribution to the project.	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 5.1 Scope of Impact 5.2 Scale of Impact 5.1 Team presentation/ time management and Presentation 6.2 Team effectiveness/ contribution to the project.	4.2 Confirmation of effects based on facts/ data, 4.3 Establishment of standardization/ control management, follow up on improvement, tangible and intangible results that were realized 15 Point 5.1 Scope of Impact 5.2 Scale of Impact 15 Point Cam Management and Presentation 6.2 Team effectiveness/ contribution to the project. 0.5
